

## 6.0kW Portable Air Conditioner

This portable air conditioning unit is a highly mobile cooling solution designed for easy set up and re-deployment to where it is required most. This portable unit is ideal for cooling rooms between 20 and 42 square metres.

### FEATURES

This portable air conditioning unit features an easy to read LCD display to readily provide status 'at-a-glance' information while the supplied remote controller allows for simple and convenient manipulation of the unit from the comfort of your lounge.

Simply sit back and enjoy the cool air.
